Sky-tours credit voucher

2020-07-03 - 0 Comments - in Changes

Due to the difficult situation the airlines are experiencing at the moment, Sky-tours has managed an agreement with many airlines to offer a called "**Instant refund**" which is a credit but not attached to any airline or only to the original passenger. Here the passenger can use his money right away with any service (hotel, rental car or flight) and for **any person** of his choice! Doesn't have to wait until the airline sends a refund which in most of the cases will take up to 9-12 months. This is also good in case the airline goes bankrupt.

The conditions of use are the following:

- Voucher can be used as part payment towards a future booking.
- Voucher is valid only at **www.sky-tours.com** and might be used for flight booking, rental car services or hotel accommodation.
- Your new trip booked with your voucher must be used within validity date
- When booking a new flight with the remaining value of your ticket, any fare difference will apply if the new flight is more expensive. You do not need to do anything until you have decided on a new travel date.
- You can use the credit as many times as you want until the credit is 0
- The refund or cash withdrawal of the voucher is excluded.
- Validity of the credit is usually 1 year from the date of original ticket confirmation, extensions upon request
