

Sky-tours travel voucher

Elisabeth - 2022-09-29 - Changes

Due to the difficult situation we all are experiencing at the moment, Sky-tours is offering a "**refund voucher**" which is a credit but not attached to any airline or only to the original passenger. Here the traveller can use her/his money right away with any service offered by Sky-tours (packages, hotel, rental car, or airline tickets) for **any person** of her/his choice! You don't have to wait until the airline sends a refund which in most cases will take up to 12 or more months.

Our offer is also valid in case the airline goes bankrupt or should your ticket has been issued by a consolidator who seized business.

The conditions of use are the following:

- Refund Vouchers can be used as part payment towards a future booking to cover up to 30%-50%-100% of the new travel (depending on the voucher total amount).
- Refund Vouchers are valid for use at **www.sky-tours.com** and might be used for any service advertised on the page.
- The new trip booked with your voucher must be used (purchased) within the validity date. The travel date can be later!
- When making a new travel booking using the voucher, its validity is prolonged to 6 months from the booking date.
- Remaining credit can be used as many times until the amount is 0 (zero).
- Cash refunds are not allowed.
- Refund Voucher Validity: 365days
