Why don't you have a Phone Number on your Web Site

2017-01-14 - 0 Comments - in General Information

We sell worldwide and in over 30 languages. Such a service would be very costly and would not improve our client service. We prefer getting a written notice via our support ticket system or by our online chat or email at support@sky-tours.com and, with offices both in the US West Coast and in Europe, we are answering 24/7 all support request within few hours (allow delays during weekends and public holidays).

For urgent matter regarding your flight, please call the airline direct or call our **emergency numbers**:

Europe: +34 912171643 / +49 3022381742

USA: +1 02027534009

South America: +54 1159842460
